Arnica Massage Oil

Loosen Up – Before and after all exercise

The Products **New Product Release for June 09**

Repair, restore and maintain with no pain!

Ideal to help restore tired, aching muscles before and after physical activity. This preferred choice of massage therapists throughout the world is formulated with rejuvenating organic arnica extract and organic birch leaf extract in a warming base of sunflower and olive oils and essential oils.

Arnica Massage Oil can help with muscle aches and pain, bruising, sports injuries and back ache. Whether you are a serious athlete or enjoy an active lifestyle, looking after your muscles by massaging with Arnica Massage Oil before and after training and exercise can help avoid injury. It warms up the muscles and prepares them for high energy performance.
